Cleanup Program Will Be Held Here Saturday, May 13

Through the cooperation of the Truckee Volunteer Fire Department, the Truckee Donner Chamber of Commerce and the Truckee Fire-ettes, the annual cleanup day will be held here May 13.

In making the announcement, N. F. Dolley, manager of the chamber of commerce, said the full cooperation of the residents of the Truckee-Donner community will be needed to make the day a success.

Residents are urged to clear out basements and attics and other places where rubbish is apt to collect, rake their yards and pile the debris in neat piles along the curb where it will be easily accessible for the trucks which will pick it up. No yards or vacant lots will be cleaned by committees.

The district will be divided into five sections, with two in Truckee under the direction of the fire department, one at Donner Lake, under the leadership of the fire department there, one at Meadow Lake Park and the fifth at Gateway. Several trucks have been volunteered for the work and a large crew of workmen is expected to turn out for the day's task.

The day will start off with a breakfast at Smart's at 8:30 a. m. to be paid for by the chamber of commerce. The chamber will also finance the lunch at the fire station at noon where the Fire-ettes will serve the laborers.

Fire Chiefs Edward Androus and Hap Warnke will be in charge of their respective department members, with Dolley as overall chairman.

Schools Will Close In District June 9

Schools in the Tahoe Truckee Unified District will close for the summer on June 9, instead of June 16 as originally scheduled.

This was determined at the last meeting of the governing board when it was pointed out that the additional week, which had been allowed on the calendar for severe storms, had not been required this year.

The board adopted a policy of authorizing the superintendent at the beginning of each school year to prepare a list of money raising projects affecting the school and submit this list to the governing board for approval or disapproval, warning that care should be taken to limit the list to a minimum.

In other action, tenure was granted the following certificated personnel: Edward L. Morris, high

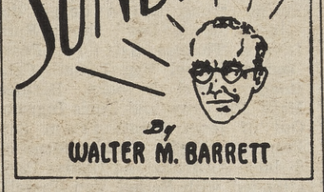
SUNBEAMS



By WALTER M. BARRETT

Members of the Truckee Volunteer Fire Department, despite the fact they are willing to turn out in all emergencies, sometimes risking life and limb, seldom call upon the public for support, working purely on a voluntary basis. However, their auxiliary—the Truckee Fire-ettes—is sponsoring a benefit for the department May 6 and it would be a good gesture if appreciation can be shown by supporting this affair.

Once each year, an organized effort to clean up the unsightly debris around homes and businesses in the area, not alone to eliminate fire hazards, but to give the community a neater appearance, is sponsored jointly by the fire department and chamber of commerce. The date this year is May 13 and everyone is asked to cooperate by cleaning out attics, garages and other places where trash might collect and have it gathered in piles for the trucks to haul away. If everyone will take care of their own yards, etc. the sponsors will do the rest. It is a worthy program worth the little effort involved, so let's see to it that every home gets the cleanup treatment before May 13.

A major fire on River Street was believed averted Saturday afternoon by the fast work of the fire department.

A strong wind was blowing at the time and had the fire got out of control, a number of homes were threatened.

Sandra Van Sickle Is Chosen Queen For July Regatta

By Virginia O'Bear

"Miss Truckee Rotary Club"—Sandra Van Sickle, was chosen Miss Donner Lake last Friday evening at the old fashioned box social and queen coronation held at the Tahoe Truckee high school. Vickie Firpo and Ginger Barnes are the two runnerups, who are princesses and the royal court is Renee Hall, Mary Harris and April Lander.

All of these pretty young ladies will reign for a year and will appear on television, radio, parades and all events sponsored by the various service clubs. They will especially highlight the Donner Lake Regatta which is sponsored annually by the Donner Lake Volunteer Fire Department being held this year, July 8 and 9.

Last Saturday the girls started their reign by appearing in the local parade in Truckee, wearing western clothes. Miss Donner Lake made an appearance several times in the parade, once on the float with her court, then on horseback and the last time she drove the dog team down the street of Truckee, full speed.

The next public appearance for this bevy of beautiful girls will be at the cleanup, sponsored by the Truckee Donner Chamber of Commerce and the Truckee Volunteer Fire Department, Saturday, May 13. They will meet at Smart's and then go into Truckee for the event.

The ladies auxiliary would like to take this opportunity to thank everyone for helping to make the box social and queen coronation such a delightful event, and especially thank the service clubs for their participation in sponsoring these pretty young ladies.

Donner Camp To Be Open Friday

The Donner Memorial State Park camps and picnic grounds are scheduled to open to the public tomorrow, weather permitting.

Jack Stowe, superintendent of the park, said all facilities should be ready by that time, including the showers, lockers, stoves and wash rooms.

The usual fees and regulations governing use of the park will be the same this year as in the past, Stowe said.

In the meantime, the state division of beaches and parks announced last week that a contract has been awarded to the Bi-State Construction Company of Crystal Bay, Nevada, for the construction of sanitary facilities and revision and extension of electrical facilities at the park.

The low bid was $42,366.50.

Work will be started on or before June 30 and will be completed on or before October 30, the division announced.

FISHING IS REPORTED GOOD OPENING DAY

A strong wind and threat of showers greeted opening day fishermen Saturday but those who brayed the elements reported better than average luck and many limits were reported throughout the district.

Bait was the predominate lure, although some fair results were obtained with flies.

Battle Continues To Keep Shortcut Open For Traffic

KINGS BEACH—The Lake Tahoe-Sierra Chamber of Commerce at a special meeting this week passed a resolution calling upon the board of supervisors, the department of public works of Placer County and the U. S. Bureau of Public Roads to allow a flow of traffic over the shortcut by July 1, even if under convoy.

This action followed refusal by the division of highways to provide a detour.

Although many requests have been made, including those from the Lake Tahoe Sierra Chamber of Commerce and the Truckee Donner Chamber, there seems little likelihood that the shortcut between here and Kings Beach will be opened, even on a part-time basis during the coming summer.

This may work an economic hardship upon the communities involved, but under the contract the contractor has the right the close the job, District Engineer Alan S. Hart of Marysville office of the division of highways, wrote in reply to the requests.

"The contractor has the right to close the job," Hart wrote. "We have consulted several times with him and he wants additional damage payments of unknown amounts to work around traffic. Neither the state, the county, nor the federal government can provide this type of payment. No detours can pass the entire job—we have investigated this angle.

"We will get the road open and traffic moving as soon as it is legally possible for us to do so."

In his letter to the Lake Tahoe chamber, Hart said: "It is expected the contractor (and he has so in-

STRIKES & SPARES

BY JOE WILMAN

CHECK WRIST TURN ON YOUR HOOK

A wide-sweeping hook delivered by turning the wrist from right to left is often very erratic. Sometimes the ball will hang outside the pocket, or it may cross over onto the left side of the head pin.

The problem is the wrist turn. To develop a consistent hook ball through turning the wrist, the amount of turn must be consistent. Many bowlers give a ball too much turn unconsciously. They may have a strike up, going for a double. As they release the ball, they overturn the ball in their anxiety to give it enough stuff.

Without even realizing it, they have overturned the ball and caused it to hook too much.

Keep the amount of wrist turn consistent and keep the time you turn the wrist consistent, too. Don't turn the wrist until the ball is passing your left foot as shown in today's illustration. By waiting until then, you help cut down on any overturning habits. You don't have time to overturn the ball if you wait until your ball is passing your left foot. The only way you can overturn it at this point is by snapping or jerking the ball across your body with your arm. And you can't do that without knowing it.

NORTH TAHOE BRIEFS...

. . . By BETHEL

Progress report on the North Shore—reported the time blast at noon, house numbering, and now—stop signals. Installed and operating at the street crossing between Nevada Lodge and Crystal Bay Clubs. Next, highway widening. Although there are "them" who disagree, it is generally conceded that Progress IS here. Speaking of lights, Nevada Lodge has installed change lights. To the novice, this means that one need not waste time looking for a change-girl, flick the switch when your supply is running out and continue the arm exercise. How about that?

The shutters are off and spring cleaning started for summer openings at Sam's Steak House, Riolos Inn, Jimboy and Kirby's in Kings Beach. North Shore Club has scheduled a May 27 opening according to Jimmie Hume. Unconfirmed but "hear" that Cal-Neva is slated for Memorial Day opening.

Karen Decker of Kings Beach, daughter of Lloyd and Lolita, has signed a contract to teach at Virginia City this fall. Karen will graduate this June from University of Nevada.

Penny Hulbert of Kings Beach was honor guest at a kitchen shower at Gardnerville, Nevada, on April 24, at the home of Sonja Lawlor. Sonja and her mother, Dorothy Scossa, were hostesses. Former neighbors and friends from Gardnerville attended the shower. Penny will be married May 14 to Stephen Frost.

Jean and John Palmer opened their Riviera Resort Clothes Shop at Kings Beach with a champagne party from 12 until 3 on Saturday, April 22. Hostesses were Guiliana Nardelli, Shana Peterson, Bethel Van Tassell, Susie York, Melba Forest. Models were Marilyn Boatman, Jackie Black and Audrey Brehler, junior model and Tahoe Truckee high school representative, Margie Mandeville. Jetta's Coiffures styled hair for the models. Fun for all.

Drivers were Mr. and Mrs. Cecil Holley, Mr. and Mrs. Skeet Thompson and Mr. and Mrs. Red Waddell.

Enlivening the outing was the blizzard in which they left.

The arrival of baby daughter, Jamee Lynn, on Monday April 24 made a great-great-grandmother of Cora Evans of Van Nuys, a great-grandmother of Pauline Kolb of North Hollywood, a grandmother and grandfather of Gwen and Robie Robinson of Kings Beach and parents of Craig and Shirley Robinson of Truckee. Jamee weighed 6 pounds, 11 ounces on arrival at Tahoe Forest Hospital. Congratulations, you-all.

DONNER DOINGS

By VIRGINIA O'BEAR

The weather seems to be getting nicer now and the lake has been so calm the last few days. More and more fishermen seem to be out trying their luck and when I get a chance, I want to have a talk with some of these lucky fishermen and find out what they are using.

* * *

We have some newlyweds in our midst. Tom Collier and Penny Bourdet were married last week in Reno and the whole community wishes this popular couple much happiness. Tom is with Smart's serving your favorite cocktails and Penny is a nurse at the Tahoe Forest Hospital. Tom purchased a lot at Donner Lake last summer so now maybe he will build a little cottage for two.

* * *

Bob Bouviere is vacationing at Donner Lake for a few days. Bob is with the department of fish and game and has been living near Shasta Lake. He plans to get in some mackinaw fishing and I imagine he and Reg Smart will get another big one like they caught a few years ago.

* * *

A. Carles is back for some fishing at Donner. I saw him out again in his boat and he always seems to do well. He will be living here permanently one of these days.

* * *

We have a new "Miss Donner Lake" to reign over the Donner Lake Regatta which is set for July 8 and 9. She is blond blue eyed Sandy Van Sickle and the pride of the Truckee Rotary Club. Miss Truckee Donner Chamber of Commerce, Vickie Firpo won second place and Truckee's Shadow Valley Golf Club entry, Ginger Barnes won third. These two are princesses and the royal court is Miss Truckee Lions Club—Renee Hall, Miss Donner Lake Resorts—Mary Harris and Miss Truckee Volunteer Fire Department — April Lander. All of these beauties will have a very exciting year with so many activities already scheduled for them.

* * *

The Donner Lake firemen will have two regular meetings this month which is May 9 and May 25. The firemen meet at the fire house to work on the equipment and keep it in ship shape. The busy firemen are also preparing for the Donner Lake Regatta which is sponsored by them to raise funds for more much needed equipment. The Regatta is set for July 8 and 9 and will feature Regional Championships again this year.

* * *

The residents of Donner Lake have all been asked to pile all trash in front of their homes and businesses on May 13 as that is cleanup day in the Truckee-Donner area. The fire departments are busy lining up trucks and volunteers for the day to get things cleaned up for the summer. A breakfast will be served without charge to all workers at Smart's that morning, compliments of the Truckee Donner Chamber of Commerce.

BOOKLETS TELLS OF USE FOR FORESTS

WASHINGTON, D. C.—Congressman Harold T. (Bizz) Johnson revealed that the forest service has published a new booklet compiled especially to give families a better understanding of how the national forests are managed.

"Multiple Use—The National Forests and Your Family" is the title of the publication which describes sustained yield multiple-use of the national forests in non-technical, down-to-earth langauge.

"The 19 counties which make up the second congressional district contain about half of California's 25 million acres of national forests," Congressman Johnson pointed out. "Wise and proper use of our national forests is essential to the economy of our area."

Congressman Johnson, who sponsored the legislation enacted last year which gave congressional authority to the principles of multiple use, pointed out that the many varied resources of the national forests are beneficial simultaneously to the public.

Copies of the 23 page book which is ideal material for club lectures, conservation seminars and family discussions, may be obtained by writing Congressman Johnson at Room 1031, New House Office Building, Washington 25, D. C. or the Forest Service, U. S. Department of Agriculture, Washington, 25, D. C.

BILL WILL PROVIDE TAXPAYERS OF VALUE

SACRAMENTO — (CNS) — Governor Edmund G. Brown has signed into law AB209 by Assemblyman Charles H. Wilson, Los Angeles, which authorizes county tax assessors to notify taxpayers of the assessed value of their property.

Under the bill, assessors could notify all taxpayers of the assessed value of their property or tell only those whose assessments were 10 per cent higher than in the previous year.

Before passage of the bill, the only way taxpayers could learn of the assessed value of their property was to go to the assessor's office and check the assessment rolls.

Brown also signed into law AB161 by Assemblyman Sheridan N. Hegland, La Mesa, which permits school districts to contract for private legal counsel for district litigation.

SQUAW VALLEY TOUR TO SHOW NEW HOMES

SQUAW VALLEY—On Saturday, May 6, under the auspices of the Squaw Valley Association, five of the prize winning chalet homes in Squaw Valley will be opened for public viewing for the first time. In response to many inquiries and expressed desires by visitors to the site of the VIII Olympic Winter Games, the Squaw Valley Association prevailed upon the people of the valley for their cooperation.

The tour will be conducted on a caravan basis since some of the chalets are atop steep roads and difficult for a visitor to locate.

The tour will start at the George Rockrise residence which is just off the main drive as you cross Squaw Creek Bridge, on the right, at 1 p. m. Rockrise is president of the A. I. A. and designed his own home. It was built by Lee Van Wetter.

The second residence is that of Dr. and Mrs. Bernard Diamond. The firm of Anshen and Allen of San Francisco was the architect. The designer was James Morton and the builder was Van Wetter, both of Squaw Valley.

The third stop on the caravan route is the home of Dr. and Mrs. E. B. Spiller. It is an enormous spread clinging to the mountain side overlooking Blyth arena and the Olympic combine. The architect was John Hans Ostwald and it was built by Van Wetter.

The fourth residence is that of John Mortizia, a local builder and contractor. Mortizia designed and built his own chalet.

The last residence and one completed this year is that of Mr. and Mrs. J. S. Pelletier. It was built by Stewart Dinwiddie and designed by Stewart Clark.

The tour will conclude with a wine tasting party at 4 p. m. on the deck overlooking the pool of the Olympic Village Hotel.

TAHOE BRIEFS

(Continued from Page 2)

is the newest member of the Soroptimists—attended her first meeting last week.

Mr. and Mrs. E. Shipley (Slim and Tracy) have returned to Tahoe Vista for the summer. Spent the winter at their Cathedral City home.

What with all the raucous over the Brockway-Truckee short-cut, perhaps this would be a good time to announce again the Lake Tahoe-Sierra Chamber of Commerce sponsored campaign for a renaming of the will-be beautiful new highway.

First entry from a localite has been received from Mrs. Vivian McIntire of Tahoe Vista. The writer's vote goes to her entry—Lake of the Sky-way. Mrs. McIntire also suggested that the new airport be named Lake of the Sky-port. Like?

Why not send your suggestion or vote or what-ever to the Lake Tahoe-Sierra Chamber of Commerce, Box 364, Kings Beach, California.

El-Ta-Ho Shriners held their annual childrens activity party Saturday, April 29, which was open to the public—the only one that is. The party is a benefit for children around the lake and western Nevada and the Shriners feel this function has the most meaning to their real purpose of existing.

The Crystal Bay Club, where the party was held, donated all food, music and all monies realized will go to support in sending children to Shrine circus, and the Crippled Childrens Hospital, as well as Little League, scouts, swimming classes and DeMolay.

The event was a huge success as usual according to Bud Mandeville.

Noble T. Murray of Brockway is owner of an appraisal firm at Kings Beach that played the major part in arriving at the final valuation appraisal made in 1958 while Murray was at Lake View, Oregon. He is presently under contract with the Washoe Indians who have a sizeable claim for lands lost to them at the time of trading negotiations in 1853 and 1860.

The area comprises all of the land surrounding Lake Tahoe in Nevada and California. The California lands have a valuation date of 1853 and the lands lying in Nevada have a valuation date of 1860.

In general the area, beginning at Donner Summit, lies easterly of the Sierra Nevada watershed to a southerly point near Markleeville and easterly along the watershed of the Pinenut range just east of the Carson Valley, in a northerly direction, just excluding Virginia City and the Comstock Lode, to a northerly point near Hallelujah junction. Thence southerly down the Sierra Nevada range to the previously described Donner Summit.

Murray also has had experience in the valuation of the land of the Sioux Indians in South Dakota in 1957.

The Klamath Indians recently got a settlement for their own land which gave $43,000 to each individaul Indian money to be held in trust for education, etc. Murray was appraiser for the Klamath Indian Reservation.

The tribe's attorneys in Washington, D. C. notified tribal members last week that they have reached a proposed settlement with government attorneys after lengthy negotiations. The attorneys hope to meet with the Klamath executive committee and the general council May 15.

Attends Rites—

Mrs. Tom Borneman of Greenville visited here briefly this week en route home after a flight to Minneapolis where she attended funeral services for an uncle.

DEER HUNTING BILL SIGNED BY BROWN

SACRAMENTO (CNS) — Governor Edmund G. Brown has signed into law the major deer hunting bill of the 1961 session—a bill that puts permanently into the law provisions for regional and herd deer management.

However, Brown announced in signing AB340 by Assemblywoman Pauline L. Davis, Portola, that he objected to the provision in the bill which gives supervisors in 36 counties the right to overrule the fish and game commission and veto antlerless or either sex hunts in their counties.

Brown said he felt this undesirable feature was outweighed by the advantages in the bill, resulting in his signature.

The Davis bill makes permanent the features of the 1957 Busch bill. This sets up 36 regions in the state. Managers of each region submit reports on deer populations and range conditions, along with recommendations for or against special anterless or either sex hunts.

The department culls out the reports and makes recommendations to the commission. The commission must hold public hearings in each area where special hunts are proposed. Supervisors in the 36 counties will be able to veto such hunts but, in the other 22 counties, these powers will end after the 1961 deer season.

I hope that you, the Voters, will display the same interest in attending the meetings of the board, that you have displayed in this election.

dicated) will expedite the grading to such an extent that the time will be minimized which the road will be closed. When the job reaches the stage where it is possible to handle traffic through construction by flagman or pilot car without damage to the contractor's operations, we will take such steps to do so. We believe the contractor will be completely cooperative in this matter.

"We have checked the possibilities for detour facilities and find they are either non-existent or so rough as to be completely impractical.

"We have pledged ourselves to the continuous flow of traffic on Sign Route 28 during construction this summer and because of the fact that the Truckee shortcut road is closed, you may be certain we will be very diligent in seeing the traffic on Sign Route 28 moves freely."

WATER BOND ISSUE SUBJECT FOR MEET

Harry Rosenberry, vice president of the Bank of California announced that the Citizens' Committee for the Placer County Water Agency's revenue bond election will kick off the campaign for a large "Yes" vote at a dinner meeting Thursday, May 4, at the Auburn Hotel. Rosenberry is chairman of the citizens' committee.

He stated that about 100 persons from throughout the county are expected to attend this meeting to hear the agency's directors and consultants discuss the features of the agency's project and the benefits it will bring to Placer County. The board of directors of the agency have called for a $140,000,000 revenue bond election for June 20.

Harvey Banks, former director of the department of water resources of the State of California is expected to be one of the principal speakers.

Rosenberry said that this project gives Placer County an opportunity to develop and preserve its water resources. He indicated that today an economical, adequate supply of water is as vital to Placer County's future development as gold was in the days of the forty-niners.

MY MOM SENT ME OVER TO STAY HERE BECAUSE SHE'S WORKING AT THE CHURCH BAZAAR, MRS. TOODLE.

I'M WORKING THERE TOO, ROCKY. I MADE THESE FUDGIES TO SELL THERE.

YOU MEAN WE CAN'T HAVE ANY?

YOU MAY EACH HAVE ONE.

IF WE WENT TO THE BAZAAR MAYBE WE COULD GET MORE.

THAT'S A FINE IDEA — CAN WE GO WITH YOU, MOM?

I SUPPOSE SO—

CAN ROCKY GO, TOO?

THE BAZAAR REALLY ISN'T FOR CHILDREN, BUT IF YOU PROMISE TO BEHAVE I'LL TAKE THE THREE OF YOU.

HOW NICE OF YOU TO BRING ROCKY ALONG, JANE. HE JUST LOVES TO BE WITH PENNY AND PAT.

I JUST CAN'T KEEP HIM HOME — BUT I'M SURE YOU DON'T MIND HIS COMING TO YOUR HOUSE SO MUCH!

NOT AT ALL. I JUST HOPE I'M RAISING HIM TO SUIT YOU!
